بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

MUHAMMAD OMER YOUSAF

PROJECT DIRECTOR
HEAD-ON INTERNATIONAL
STUDY IN PAKISTAN

“Study in Pakistan Education Pavilion - Road Show 2013” is a long awaited dream become reality of overseas Pakistani Community and **“Study in Pakistan”** project supported by **“Head-On International”**.

This education expo is aimed to provide a platform to Pakistani Educational Institutions to interact with international education laureates for future educational up-gradations, collaborations and investment in Pakistani Education sector. On the other hand this Expo would also be providing an opportunity to students, their parents and teachers to interact with the College and University officials for pre-registrations and admissions and that too at their door step.

I would also like to acknowledge the untiring and dedicated efforts of **“Head-On International”** and **“Study in Pakistan”** project team and all our well wishers, without them, this Education Week would have never seen its realization.

KHAWAJA MAZHAR IQBAL

Director
HEAD-ON INTERNATIONAL
STUDY IN PAKISTAN

I would like to dedicate this event to my Father Mr. Muhammad Sadiq (Late) an overseas Pakistani, his friends & thousands of overseas Pakistani's, who worked hard to build UAE and made Pakistan & their Families proud.

This education expo is tribute to those Overseas Pakistanis who haven't got much Education opportunities but they made sure that their Kids get the best.

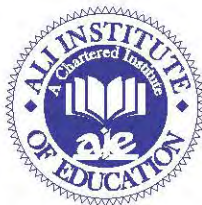

I Welcome you all to the **“Study in Pakistan Education Pavilion - Road Show 2013”** Come and explore the unlimited educational opportunities in PAKISTAN.

ACKNOWLEDGEMENT LETTER

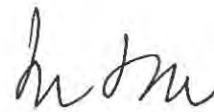

I would like to acknowledge, appreciate and thank "Head-On International" and "Study in Pakistan" project team, who work tirelessly for the overseas Pakistani Community of United Arab Emirates. This cosmic organization has stepped into solemn determination to guide and to provide excellent education to shining stars of Pakistani constellation.

Head-On International regularly organizes copious Educational Seminars and Expos in UAE for the promotion of education in Pakistan programs, specially designed for the overseas Pakistani community by creating awareness among students regarding their future goals in the field of Studying in Pakistan.

In Year 2012 "Study in Pakistan Education Expo UAE, 2012" was organized by Head-On under the umbrella of its project "SIPEXPO" from March 22-24 at Ajman and Dubai, United Arab Emirates. This mega event of 3 days attracted a vast majority of Pakistani population as well as foreigners and also promoted the soft and educated image of Pakistan. The success of this Education Expo has paved way for an even bigger and better show in the years to come.

I would like to invite Pakistani institutions especially education sector to come forward and highlight your products and reap the benefits from the market of more than 1.3 million overseas Pakistani population in UAE.

I on the behalf of Pakistani Government acknowledge such efforts and assure that any assistance required on our part is always available for "Head-On International" and "Study in Pakistan".

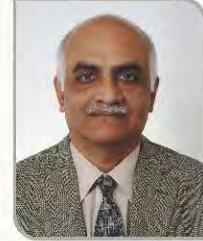

(Tariq Iqbal Soomro)
Consul General of the Islamic Republic of
Pakistan

الجمعية الباكستانية دبي (أ.ع.م.)
PAKISTAN ASSOCIATION DUBAI (UAE)

March 9, 2013

Mr. Omar Yousaf
Project Director
Head-On International (Study in Pakistan)
314A, St 31, G-10/1, Islamabad – Pakistan

Dear Mr. Omar

This gives me immense pleasure to acknowledge, appreciate and thank your organizations' ("Head-On International" and "Study in Pakistan") outstanding efforts for the promotion and development of education awareness among Pakistani Community of UAE. Your admiring organization has uplifted and taken lead in guiding in providing excellent education opportunities to shining stars of Pakistani youth.

We commend Head-On International's regular organization of Educational Seminars and Expos in UAE for the promotion of education in Pakistan programs, specially designed for the overseas Pakistani community by creating awareness among students regarding their future goals in the field of Studying in Pakistan.

Pakistan Association Dubai and Study-in-Pakistan have worked together in harmony during last year to organize "Study-in-Pakistan Education Expo-2012" under patronage of PAD which was a successful event and provided us with great learning to organize "Study-in-Pakistan Education Fair-2013" under the PAKISTAN DAY celebrations during 20-23 March, 2013.

I am delighted to invite Pakistani institutions to participate and highlight their programs, guide and offer educational opportunities to 1.3 million overseas Pakistani population in UAE to study in Pakistan.

On behalf of Pakistani Association Dubai, I assure you of the availability of any assistance required on our part for Study in Pakistan program.

Sincerely

Dr. Zia ul Hasan
President

M. Ramzan Achakzai
Secretary (C.E)
IBCC

"Study in Pakistan" is a unique concept and is a reflection of patriotism of International team. These days when Pakistan is faced with several problems much more serious efforts needed to transmit its positive image to outside world. I must congratulate "Study in Pakistan" project team who are organizing, this event in Dubai UAE with Pakistan Day celebrations. This would be a great opportunity for overseas students mainly Pakistanis to have updated knowledge of Education in Pakistan.

The Inter Board Committee of Chairmen (IBCC) was established in 1972 with a view to exchange information among member Exam Boards, coordinate activities of the Boards, and achieve fair measure of uniformity of academic, evaluation and curricular standards and to promote curricular and co-curricular activities on Inter Board basis. Another function of great importance assigned to the IBCC is to decide and grant equivalence to foreign qualifications with corresponding Pakistani Certificates at the Secondary School Certificate (SSC), Higher Secondary School Certificate (HSSC) levels and technical education as well as local certificates / diplomas with the comparable certificates awarded by the Boards. IBCC also converts foreign grades into Pakistani marks at SSC/HSSC level. On an average 30,000 cases of equivalences are processed a year, in addition to the new cases of qualifications which are decided in the meeting of Equivalence Committee and IBCC forum convened on quarterly basis.

IBCC has also been entrusted the assignment of authentication/attestation of certificates (grade I-XII) of General, Technical Education and Diplomas, issued by the Schools, Boards of Education in Pakistan, particularly of those seeking further higher education and /or work abroad.

I wish you a great success in convening this event at Dubai, UAE and promotion of the project "Study in Pakistan".

Mujeeb ur Rehman Shami
Chief Editor,
Daily Pakistan

I am very pleased to know that the "STUDY IN PAKISTAN" is arranging an event in Dubai for the benefit of the residents of UAE about the facilities of public/private universities, medical, engineering and other education in Pakistan.

The "STUDY IN PAKISTAN" is doing a good job by holding this exposition and such other expositions in the other countries. Providing the information and guidance to overseas Pakistani regarding the education opportunities in Pakistan is a great service. I support them as they are serving a national cause.

Chairman

Margalla Institute of Health Sciences

Institute was established in December 1997 in Islamabad, it is located in secure area of Gulrez Rawalpindi just at the entrance of Bahria Town Rawalpindi. Objective to establish this institute was to provide medical education as well as in allied subject at international standards. Since its inception it has taken 16 batches and this year it would induct its 17th Batch in all the programs.

The institute is offering admission in:

1. Bachelor of Dental Surgery, four year program after Fsc./A level
2. Doctor in Physiotherapy, five years program after Fsc./A level
3. Doctor in Pharmacy, five years program after Fsc./A level
4. Dental Hygienist program, two years program after Matric/ O level
5. Dental Nurse program, two years program after Matric/ O level.

Al Hamdo Lilla so far it has produced several graduates in the above mentioned subjects who are serving humanity, within Pakistan and outside Pakistan successfully. Our graduates have achieved scholarships in various post graduate programs from well known universities like University of London and have completed Masters and PhD. Margalla Institute has recently started training in fellowship programs (Fcps) in dentistry.

Our graduates are working or studying in USA, UK, Canada, UAE, KSA, Turkey, Malaysia, Japan and Australia.

United Arab Emirates

The United Arab Emirates sometimes simply called the Emirates or the UAE, is an Arab country in the southeast of the Arabian Peninsula on the Persian Gulf, bordering Oman to the east and Saudi Arabia to the south, as well as sharing sea borders with Qatar and Iran.

The UAE is a federation of seven emirates (equivalent to principalities), each governed by a hereditary emir, who choose one of their members to be the president of the federation. The constituent emirates are Abu Dhabi, Ajman, Dubai, Fujairah, Ras al-Khaimah, Sharjah, and Umm al-Quwain. The capital is Abu Dhabi, which is also the state's center of political, industrial, and cultural activities. Islam is the official religion of the UAE, and Arabic is the official language.

The literacy rate in 2007 was 91%. Currently there are thousands of nationals pursuing formal learning at 86 adult education centers spread across the country.

Since 1962, when Abu Dhabi became the first of the emirates to begin exporting oil, the country's society and economy were transformed. The late Sheikh Zayed, ruler of Abu Dhabi and president of the UAE at its inception, oversaw the development of all the emirates and directed oil revenues into healthcare, education and the national infrastructure.

UAE oil reserves are ranked as the world's seventh-largest. It also possesses the world's seventh largest reserves

PRESTON UNIVERSITY

Preston University, Pakistan was established as School of Business and Commerce in 1984 to foster academic excellence. Preston University is seriously committed to improving the quality of higher education in Pakistan. The university is managed by a group of dedicated professionals and academicians who have

committed their lives to the cause of higher education in Pakistan. Since its inception in 1984, Preston Network has imparted knowledge and skills to thousands of individuals through many teaching programs.

The experience at this University has played an important role in the professional and personal development of our students. Preston University will continue to fulfill its responsibilities to the society by creating and providing facilities for personal and professional growth of individuals who wish to make a career in the fields of business administration, information technology, engineering and technology, natural and applied science, social sciences and education.

Preston University is the first private university of Pakistan and now has one of the largest networks of campuses in the country. Being pioneer in private-sector higher education in Pakistan, we are proud that Preston University plays an important role as a leader and pace-setter in higher education in Pakistan

Accreditation of Engineering Education:

The PEC Engineering Accreditation & Quality Equivalence Committee (EA&QEC) has developed a comprehensive system of accreditation based on well recognized parameters and international practices for evaluation of engineering programs. PEC has so far accredited 246 engineering programs from 85 institutions/ universities in the country.

Description	2009-10	2010-11	2011-12
Accredited/ re-accredited engineering programs	206	212	246
Institutions/ Universities	76	84	85
Major Disciplines	26	29	30

The list of accredited programs and their institutions is available on PEC website (www.pec.org.pk) which is also circulated through newspapers regularly for general public awareness.

Accreditation of Medical Education:

PM&DC is a statutory regulatory authority established under Pakistan Medical & Dental Council Ordinance 1962 as a body corporate. It is known and respected worldwide and is part of international community of medical regulatory authorities (IAMRA). Pakistani doctors are considered one of the best and are doing meritorious service in all parts of the world and that is a testimony to the effective regulation of medical education being done by the PM&DC. Socio-Economic Development of Pakistan through Education

Head-On International

" Study in Pakistan " - Project

Vision

"Socio-Economic development of Pakistan through education"

Mission

To help every student interested in further studies to get admission in Pakistan.

SIP Activities

- Project initiated for overseas Pakistani community
- Representative for admissions in Pakistani educational institutes
- Provides information of Pakistani Institutions and their admission schedules
- Extends career counseling services for admissions in any faculty of its partner institutions
- Collects duly filled application forms for admissions
- On Spot Confirm admissions

"Head-On International" is working since 2003 for the development and up gradation of education sector in Pakistan. Our main focus is the influx of overseas Pakistani and dual nationality students to approach Pakistani institutions, resulting in up gradation of contemporary amenities in these institutions and contentment for students and their parents to study in their own country.

We are the concept leaders for the "STUDY IN PAKISTAN"(SIP)program, by representing Pakistani Educational Institutions in Pakistan and abroad. "SIP" believes in "Socio-economic development of Pakistan through education".

Through our project "SIPEXPO" we regularly organize education exhibitions in Pakistan and abroad. In Pakistan we arranged "Health Care and Medical Education Expo" in years 2011 and 2012 in Lahore Expo Center. Our presence is in all GCC countries especially in UAE with our acquaintances and representatives which enables us to arrange copious seminars and educational exhibitions from time to time. We arranged, managed and succeeded in the first ever education exhibition in UAE named "Study in Pakistan" in the year 2004. We have also organized the "Study in Pakistan Education Expo UAE, 2012" with great zeal and success on March 22, 23 at Ajman and Dubai, United Arab Emirates.

Every year we represent Pakistan's Education flag in all international education exhibitions around Middle East and to the world. We are also a regular part of GETEX Dubai, UAE and IEHE Riyadh, KSA.

In year 2013, we are organizing an event in Dubai, UAE by celebrating the "Pakistan Day" with the overseas Pakistani Community. An education pavilion would be established at the event venue location giving free information about Education in Pakistan programs and institutions.

In continuation of this activity, a Pakistan Expo is also being organized in June 2013 in UAE (for Pakistan's admission intake). This would be an exhibition of international standards in Shell Scheme format.

Overseas Pakistanis

There are **7 Million +** Overseas Pakistanis living abroad; our website www.studyinpakistan.info reaches Pakistani community & foreigners globally, with over **1 Million** visitors in year **2012** alone.

Following is a chart of Regions with significant Pakistani population:

COUNTRY	PAKISTANIS
Saudi Arabia	1.6 Million
United Arab Emirates	1.3 Million
United Kingdom	1.2 Million
United States	1.2 Million
Canada	400,000
Oman	162,000
Kuwait	149,000
Italy	100,000
Qatar	83,000
Bahrain	65,000

*Other than these there are 30+ countries with average 20,000+ Pakistani families

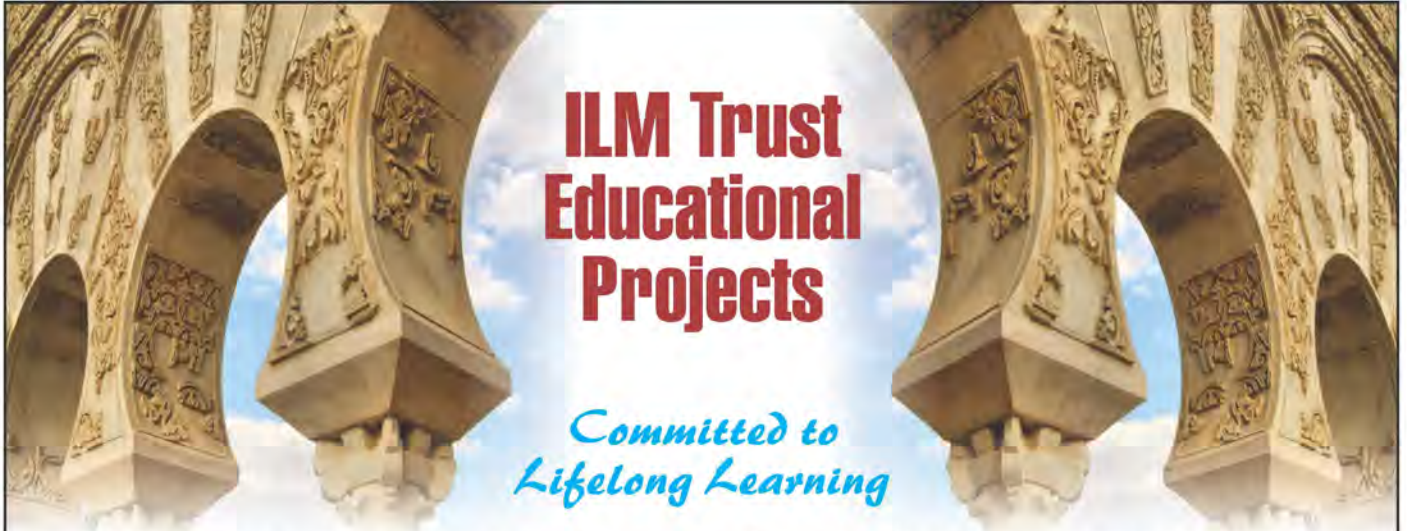

Fee & Cost comparison

Pakistanis migrated to overseas countries face difficulty in letting their children get higher education from abroad. It has been observed that many overseas Pakistanis feel secured to send their children to Pakistan to acquire higher education. Pakistan as a country offers quality education in minimum possible costs and more overseas and foreign students can pursue education in Pakistan.

There are 20+ (Federal Board curriculum) secondary schools operating in UAE & thousands of Pakistani students are in other schools including British, American, Arabic, Indian, Sri Lanka & Bangladesh school systems.

There is great need of education in UAE with very less opportunities for middle income groups to send their children for quality education; Pakistan's premier education sector can play a very positive role in provision of quality education. Following is a fee comparison between both the countries:

EDUCATION	UAE (Tuition fee per year)	PAKISTAN (Tuition fee per year)
Average higher & secondary school	8,000 to 15,000 Dirhams. 2,250 to 4,200 US\$	300 to 800 US\$
Average college/ University education	30,000 to 60,000 Dirhams 8,000 to 16,000 US\$	1200 to 2000 US\$
MBBS or BDS	80,000 to 120,000 Dirhams 22,000 to 33,000 US\$	8000 to 15000 US\$
Hostel	20,000 Dirhams 5,650 US\$	1200 to 2000 US\$

ILM Trust Educational Projects

Committed to Lifelong Learning

In 1990, a group of eminent educationists, philanthropists, professionals and industrialists established the ILM Trust. Today, it stands as a nationally as well as internationally acclaimed symbol of quality education. From early years schooling to high school, college and university education, an integrated system of quality education is being provided by the educational ventures of ILM Trust; from playgroup to PhD, ILM takes care of the learning needs of an individual by delivering innovative, market-driven education.

University of Management and Technology

The first W4 University in the Punjab, the University of Management and Technology (UMT), Lahore, offers bachelor, master and doctoral degrees in a wide range of disciplines ranging from business administration, economics and management to accounting, commerce, IT, textiles, engineering, applied sciences, aviation, social sciences and humanities, media, linguistics, law, Islamic Thought and Civilization, etc. With two campuses in the Punjab (Lahore and Sialkot), UMT caters for the educational needs of over 5500 students in a state-of-the-art learning environment.

www.umt.edu.pk

ILM Colleges

The ILM Colleges Network is an initiative of the ILM Trust that aims to make quality education available at widely dispersed locations in the country. It offers a wide range of programs in faculties of arts, science, computer science and commerce. Separate campuses for both male and female students offer value-driven education to the nation's youth.

www.ilm.edu.pk

The Knowledge School Network

A countrywide project of comprehensive schools (playgroup to class X), The Knowledge School (TKS) Network is another initiative of ILM Trust. Today, TKS boasts of a network of 100+ schools countrywide. TKS students are being provided effective learning in all academic subjects by well trained teachers. Special emphasis on personality grooming and life skills makes TKS stand out from the rest.

Get Started to Get Ahead

The Right Way

For over 60 years, the Institute of Business Administration (IBA) has been the destination of choice for gifted individuals who aim to stand out. Recognized as one of South Asia's leading universities, IBA has set new standards in management, business administration and computer sciences, and is known globally for producing extraordinary leaders and successful entrepreneurs.

Recent Achievements of IBA

- Received SAQS accreditation from AMDISA
- Introduced Undergraduate Programs in BS (Economics & Mathematics, Accounting & Finance, Social Sciences & Liberal Arts)
- Revamped the BBA Program to introduce electives to major in Entrepreneurship, HRM and MIS
- Introduced 18 months full time MBA Program
